During 4 years of my journey in the tech space, I have honed my skills in HTML, CSS, JavaScript, React, SEO, APIs and Databases.. through various online courses and personal projects, worked on side projects with other developers. I am confident in my ability to translate design concepts into functional, user-friendly web interfaces while maintaining clean and reusable codes. My portfolio, although modest, showcases my ability to learn quickly and adapt to new challenges. I would appreciate the opportunity to be given a chance to showcase my abilities, through a task/assessment.
